

NEW
RENAULT CLIO

October 2023

different energy, same love

More Clio than ever after 30 years of success, new Renault Clio E-Tech full hybrid injects new energy. The overhaul of the Renault identity is reflected in the sportiness of its esprit Alpine version and the sharper brand light. Inside are biobased and recycled materials, comfort and connectivity.

Enjoy a unique driving experience with the 145hp E-Tech full hybrid engine.

a new impetus

New Renault Clio E-Tech full hybrid unveils a distinctive and stimulating style: enlarged front grille with chrome, new full LED lights at the front and rear, and sculpted sides. The sportiness is expressed in every detail, with the esprit Alpine version and its shadow grey F1® blade.

The Nouvel R diamond logo and the half-diamond daytime running lights accentuate the modernity of the design, providing a bold and distinctive look.

In the esprit Alpine version, the 17" Alpine engraved, F1 inspired wheels enhance the model's sports personality*.

The esprit Alpine interior stamps its identity, with the blue top-stitching on the upholstery, the embroidered motif on the upper seatback, the aluminium pedal unit and the Alpine door sill. The dashboard and the seats adorned with a French flag badge and the blue/white/red stitching on the steering wheel give a nod to the esprit Alpine DNA.

72% recycled textile in the esprit Alpine upholstery

blue/white/red top-stitching on the steering wheel

*blue centre cap or grey centre cap depending on body colour.

CO₂ emissions⁽³⁾

In town, the electric driving allows you to achieve up to 40% fuel savings⁽⁴⁾. The battery recharges during deceleration and braking.

- (1) depending on the state of charge of the battery and driving style / Renault internal source / 2023.
- (2) up to 550 miles range with a full tank, according to WLTP data.
- (3) 67.3 mpg of fuel consumption and 96 g to 97 g/km of CO₂ emissions, certified values depending on version / according to WLTP data / UTAC source / March 2023.
- (4) for an E-Tech full hybrid engine compared to an internal combustion engine, according to WLTP City protocol / UTAC & IDIADA source / September 2022.

next-generation comfort

Take a seat in a contemporary interior featuring coatings made from biobased materials and a steering wheel stamped with the new Renault identity. Personalise the driving experience with the three multi-sense modes.

Created from the partnership with Tencel™, the coatings of the upholstery, doors and dashboard contain 60% plant fibres⁽¹⁾, with the wood used guaranteed to come exclusively from sustainably managed European forests.

techno version upholstery

(1) in techno version only.

more welcoming than ever

Thanks to its feel for comfort and roominess, the rear provides excellent knee room of 16.5 cm and optimal headroom to accommodate both children and adults.

Enjoy the generous boot volume of 301 L*. Adjust the 1/3-2/3 bench seat very easily for available space of up to 1,006 L in the configuration with three seats folded down.

(1) standard on esprit Alpine version.

* on E-Tech.

resolutely connected

New Renault Clio E-Tech full hybrid connects you to the remote services you need. Enjoy the easy link connected system and its 9.3" multimedia touch screen⁽¹⁾, with on-board navigation and wireless smartphone replication.

The wireless replication compatible with Android Auto™ and Apple CarPlay™ shows all of your apps, playlists, podcasts and calls on the multimedia screen

The customisable 10"⁽²⁾ digital instrument cluster keeps essential driving information in your direct view.

Stay permanently connected thanks to the wireless induction charger⁽³⁾, located in the central storage space, to recharge your smartphone at any time without having to plug it in.

(1) 7" touch screen on evolution and techno, 9.3" on esprit Alpine.
(2) 7" on evolution, 10" on techno and esprit Alpine.
(3) standard on techno and esprit Alpine versions.

Android Auto™ is a trademark of Google Inc.
Apple CarPlay™ is a trademark of Apple Inc.

05. advanced driver-assistance systems

up to 17* advanced driver-assistance systems

As part of the human first program, new Renault Clio E-Tech full hybrid offers up to 17* advanced and innovative driver-assistance systems.

adaptive cruise control
The system keeps a safe following distance from the vehicle in front of you. It activates the brakes if you get too close and accelerates when the road is clear again.

blind spot warning
Enabled at speeds over 9mph, this system uses warning lights to alert you to the presence of vehicles that are not visible in your field of vision.

lane keeping assist
This system corrects the angle of the steering wheel, returning the vehicle to its lane unless you have indicated.

automatic emergency braking
Warns the driver of an imminent risk of frontal collision with a stationary vehicle, at low speeds. Triggers automatic emergency braking to avoid or mitigate a collision.

rear view camera
This system provides a rear view on the screen when you engage the reverse gear. Superimposed outlines make your manoeuvres easier and safer.

rear cross traffic alert
When reversing, the system warns you of a risk of collision with a vehicle.

driver-assistance systems

- hill start assist
- safe following distance warning
- speed limiter
- cruise control
- adaptive cruise control

park assist systems

- front parking sensors
- rear parking sensors
- side parking sensors
- rear view camera

safety

- lane departure warning
- lane keeping assist
- blind spot warning
- rear cross parking alert
- automatic main-beam/dipped headlights activation
- automatic emergency braking
- road sign recognition
- road sign recognition and speeding alert

* up to 17 adas features across the range. see equipment list to see what is available as standard by version.

accessories

underbody lighting

This lighting means no more getting lost in a poorly lit car park. You will be able to easily identify your vehicle as you approach it, as the LED ambient underbody lighting and the dipped headlights turn on automatically.

esprit Alpine premium floor mats

Reaffirm the sporty look of your new Clio E-Tech in the esprit Alpine version with a distinctive signature featuring the exclusive marking of the Alpine logo on the driver's and front passenger's side mats, the premium quality carpet and the blue top-stitching.

semi-electric retractable towbar pack

Do you want your vehicle to look its best? The innovative Renault semi-electric towbar system allows you to deploy this in just a few seconds. When folded, it becomes invisible and perfectly protects the design of your vehicle.

quickfix roof bars

Quick and easy to install completely safely and without any tools needed, thanks to the innovative quickfix attachment system. Ideal for adding a bicycle rack, ski rack or roof box and increasing your vehicle's carrying capacity.

rear view camera

Add this rear camera to your vehicle's multimedia screen, giving you greater comfort when manoeuvring. When in reverse gear you'll see the area behind your vehicle directly on the screen.
